FOR IMMEDIATE RELEASE

Highway 12-Jameson Canyon Alternating Lane Closures Striping Work Continues Until Friday, March 14th

NAPA and SOLANO COUNTIES – The California Department of Transportation (Caltrans) will implement ongoing lane striping work as part of the Highway 12-Jameson Canyon widening project in Napa and Solano Counties.

The striping requires crews to alternate lane closures on eastbound and westbound Highway 12 between the Napa/Solano County line and Highway 29. One lane of traffic on Highway 12-Jameson Canyon will remain open at all times. This phase of work started the morning of Tuesday, March 11th and will be completed on Friday, March 14th. The alternating lane closure will be in effect from 8 a.m. until 4 p.m. Tuesday through Friday. All work is weather permitting.

Motorists should expect delays and allow for extra travel times.

Highway 12-Jameson Canyon Alternative Route

To avoid delays, motorists may consider using Highway 37 as an alternative route.

Eastbound Highway 12 motorists are advised to use southbound Highway 29 to eastbound Highway 37 to eastbound Interstate 80.

Westbound Highway 12 motorists should use westbound Interstate 80 to westbound Highway 37 to northbound Highway 29.
